The equipment we provide at the Lodge such as rain gear, rubber boots, and winter gear are designed to fit guests from child to adult. Boot sizes larger than a men's size 13 or a very small child are considered to be customize sizes that we do not provide. Additionally guests over 6'4" may be required to bring their own gear as we may not have clothing sizes to fit.

NOTES for all departures:

Airline regulations limit baggage to 1 check in bag not to exceed 50 lbs, and 2 carry on bags not to exceed 20 lbs total. You must be packed a soft sided duffel bag (suitcases not allowed) where the total measurements = width + height + length is less than 55 inches (90 L).

Weather and temperatures are highly variable in the Arctic. No matter the month of your trip please plan to pack clothes that can be layered. Layering your clothes will greatly increase your ability to stay warm during your excursions. For example in September you could experience +20C or -10C and October or November trips +5C to -40C during your trip.

Due to the remoteness of our Lodges and the lack of pharmacy please remember to bring your prescription medications with you in your carry-on luggage!

This packing list was not designed to cover all personal items you may need. Please ensure you pack the items/ clothing required to keep you comfortable.
